*Shelter in God's wings*

## Beginnings and Introduction

Miqlat Ministry an undertaking of the Nagaland Baptist Church Council Women department is a social ministry reaching out to the down trodden women especially those in the sex trade. Miqlat Ministry is an outcome of the celebration of the Women in the 21<sup>st</sup> century in 2001 where Naga Baptist women gathered together and felt the pressing need to address and tackle the social evils of our society in regard to women. As a result, Miqlat ministry came into existence in 2004 and officially launched in 2005. Miqlat is a Hebrew word which means “shelter, refuge” and true to our name we offer shelter and refuge to the broken hearted mothers, women and daughters of our naga society. Miqlat is there to listen to the brokenness of the broken women and stand with them through prayer, counseling and encouragement. Miqlat is a holistic social ministry dealing not only with the physical, social and emotional well being but also spiritual well being, a registered organization and also a business set up focusing on “business as mission” with the aim to train, empower and offer better alternatives to girls and women and thus give them a chance to live a better, hopeful and dignified life.

## Our vision

- # To share the love of Jesus to those who are living a life of shame, guilt, fear and dejection.
- # To impart quality life by providing alternatives through various means and ways.
- # To bring them to the knowledge of their maker.
- # To strongly advocate against modern day slavery.

## Our Mission

To reach out, to touch, to share, to embrace, to empower and to transform to transform.

## We offer

Counseling, prayers, vocational trainings, better alternatives, retreats, seminars, bible studies, sports etc
